

Nicholl Oils – Paypoint Cards

Oil Home Heating payments in NI now accepted at PayPoint

The Northern Ireland Oil Federation in partnership with PayPoint has recently introduced a pre-payment scheme for home heating oil. Previously, customers have been required to make lump sum payments at the time of delivery, but now you can make regular payments throughout the year at your local PayPoint store.

Heres how it works...

We will issue our customers with a swipe card that features the PayPoint logo. You can then prepay for the cost of your oil by visiting stores displaying the PayPoint logo to make regular payments towards their oil supply. Before you order oil from us, simply give us a call on free phone – 08000 22 44 22 to see how much credit is in your account.

Easy really! To find your nearest PayPoint retailer visit the PayPoint web site [here](#).

The Nicholl Oils pre-payment system is free, easy to use and the minimum payment accepted is £10.

Paypoint Terms and Conditions:

- Customers must contact Nicholl Oils to order their card. Cards are not issued automatically to all Nicholl Oil Customers.
- Minimum top up value permitted is £10.00 stg
- Pay Point cards are available for domestic orders only
