KEROSENE

WHAT IS KEROSENE?

Kerosene, or burning oil, is a regular grade Kerosene refined to a high quality having very good burning characteristics.

It is recommended for domestic heating appliances with external and balanced flues, vapourising flame burners and pressure jet boilers. Its clean burning characteristics maintain a high heat output and maximum economy.

Kerosene exceeds the requirements of the relevant British Standard Specification BS 2869 Class C2 and contains chemical markers in accordance with Customs and Excise requirements.

Nicholl Oils can offer the best kerosene prices, as well as flexible payment options and unbeatable customer service.

*We understand that your **fuel requirements are important to you** and we will always try our best to make sure your delivery arrives **exactly when you need it.***
