Carbon Reduction Plan

Supplier name: ...Nicholl's (Fuel Oils) Limited.....

Publication date: ...01.04.2024.....

Commitment to achieving Net Zero

Nicholl's (Fuel Oils) Limited is committed to achieving Net Zero emissions by 2050.

Baseline Emissions Footprint

Baseline emissions are a record of the greenhouse gases that have been produced in the past and were produced prior to the introduction of any strategies to reduce emissions. Baseline emissions are the reference point against which emissions reduction can be measured.

Baseline Year: 2022	
Additional Details relating to the Baseline Emissions calculations.	
<i>Baseline Emission are for the financial Year April 2022 to March 2023:</i>	
<i>We have reported on both scope 1 & 2 emissions for our last financial year 2023 and for our base year 2022. We are currently working with our partners Carbonfit to help us identify the applicable Scope 3 categories and work to have these calculated within the Carbonfit platform.</i>	
Baseline year emissions:	
EMISSIONS	TOTAL (tCO₂e)
Scope 1	1273.84
Scope 2	110.50
Scope 3 (Included Sources)	365.73
Total Emissions	1750.07

Registered Office / Head Office: Nicholls (Fuel Oils) Limited, 172-176 Clooney Road, Greysteel, Co Londonderry, BT47 3DY, Tel: 02871810471, www.nicholloils.com

Current Emissions Reporting

Reporting Year: 2023	
EMISSIONS	TOTAL (tCO ₂ e)
Scope 1	1215.82
Scope 2	0
Scope 3 (Included Sources)	415.10
Total Emissions	1860.91

Emissions reduction targets

We confirm we have a pledge and commitment to achieving Net Zero by 2050.

As we aspire to achieve Net Zero before this date, we as a company have engaged the expertise and services of Carbonfit Ltd (www.carbonfit.online) and their reporting and monitoring platform to assist and enable us to achieve Net Zero before this date. The Carbonfit platform will help us identify key solutions to streamline our measurement, management and ultimately the reduction of our Carbon emissions.

We have reported on both scope 1 & 2 emissions for our last financial year 2023 and for our base year 2022. We are currently working with our partners Carbonfit to help us identify the applicable Scope 3 categories and work to have these calculated within the Carbonfit platform.

The Environmental Management measures that we are currently trialling or have already commenced that will in use for this contract are

Continue our fleet replacement plan so that all trucks are Euro 6 and company Cars are hybrid.

Continue and expand the use of HVO Renewable Diesel as a traditional Diesel Fuel replacement in our delivery fleet which will result in a >90% reduction in our emissions Nicholl Fuel Oils have recently renewed our electricity supply contract and have secured a 100% Green Energy supply from Power NI. This supply agreement provides Nicholl Fuel Oils with a

Registered Office / Head Office: Nicholls (Fuel Oils) Limited, 172-176 Clooney Road, Greysteel, Co Londonderry, BT47 3DY, Tel: 02871810471, www.nicholloils.com

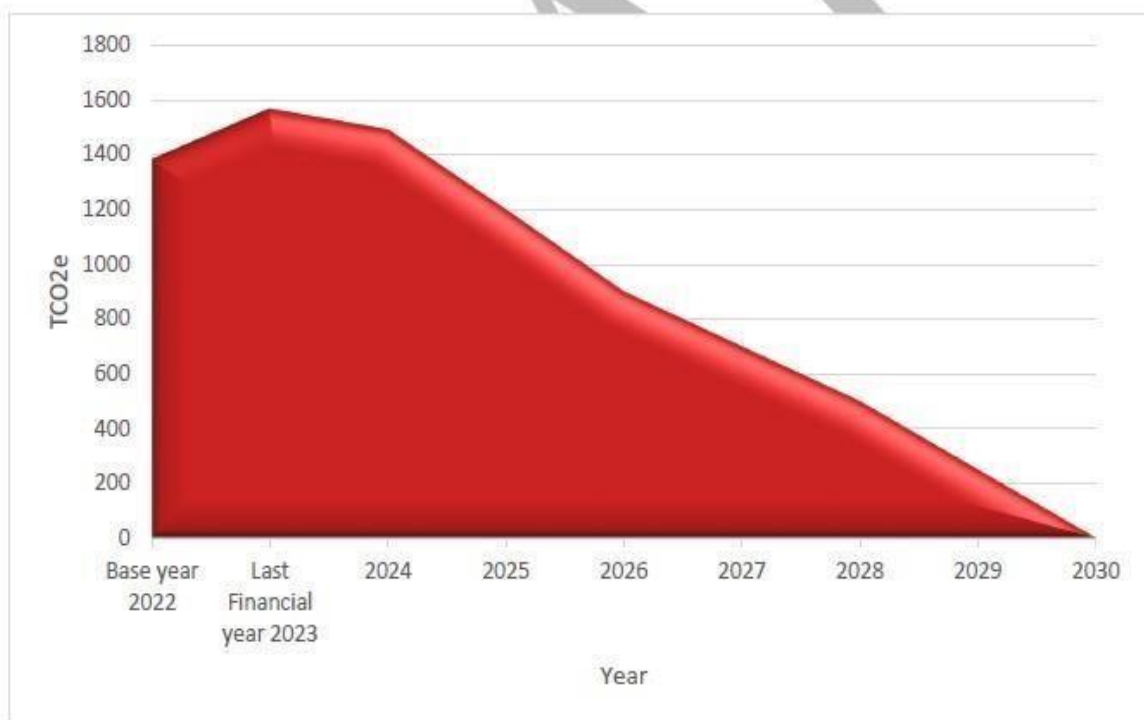

local, renewable electric supply which reduces our scope 2 emissions to zero. A copy of our Green Energy Certificate is available at www.nicholloils.com or from the NI Chamber website at <https://www.northernirelandchamber.com/member-news/nicholl-oilsawardedgreenenergy-certificate/>.

We have reported on both our Scope 1 & 2 for our last financial year 2023 and or base year 2022. A copy of this report is available on our website at www.nicholloils.com. We have recently completed our ESOS audit to help us identify some areas where we can get savings on energy which will lead to a reduction in emissions. We envisage that we will implement any measures that will reduce our emissions over the next 10 years.

In order to continue our progress to achieving Net Zero, we have adopted the following carbon reduction targets.

We project that carbon emissions will decrease over the next five years to 1450 tCO₂e by 2029. This is a reduction of 20%

Progress against these targets can be seen in the graph below:

Carbon Reduction Projects

Completed Carbon Reduction Initiatives

Registered Office / Head Office: Nicholls (Fuel Oils) Limited, 172-176 Clooney Road, Greysteel, Co Londonderry, BT47 3DY, Tel: 02871810471, www.nicholloils.com

The following environmental management measures and projects have been completed or implemented since the 2023 baseline. The carbon emission reduction achieved by these schemes equate to 125 tCO₂e, a 100%ge reduction against the 2022 Scope 2 baseline emissions and the measures will be in effect when performing the contract

The Environmental Management measures that we are currently trialling or have already commenced that will in use for this contract are

Continue our fleet replacement plan so that all trucks are Euro 6 and company Cars are hybrid.

Continue and expand the use of HVO Renewable Diesel as a traditional Diesel Fuel replacement in our delivery fleet which will result in a >90% reduction in our emissions

Nicholl Fuel Oils have recently renewed our electricity supply contract and have secured a 100% Green Energy supply from Power NI. This supply agreement provides Nicholl Fuel Oils with a local, renewable electric supply which reduces our scope 2 emissions to zero. A copy of our Green Energy Certificate is available at www.nicholloils.com or from the NI Chamber website at <https://www.northernirelandchamber.com/membernews/nicholloilsawarded-green-energy-certificate/>.

Continue to install and upgrade were required LED/PIR lighting controls, changes

Reduce Company travel by utilising electronic and video meetings

In the future we hope to implement further measures such as:

Continue our fleet replacement plan so that all trucks are Euro 6 and company Cars are hybrid.

Continue and expand the use of HVO Renewable Diesel as a traditional Diesel Fuel replacement in our delivery fleet which will result in a >90% reduction in our emissions

Continue to renew our electricity supply contract on a Green Energy Basis.

Continue to replace existing trucks and cars with more efficient and lower emission vehicles

Declaration and Sign Off

This Carbon Reduction Plan has been completed in accordance with PPN 06/21 and associated guidance and reporting standard for Carbon Reduction Plans.

Emissions have been reported and recorded in accordance with the published reporting standard for Carbon Reduction Plans and the GHG Reporting Protocol corporate standard¹

¹ <https://ghgprotocol.org/corporate-standard>

Registered Office / Head Office: Nicholls (Fuel Oils) Limited, 172-176 Clooney Road, Greysteel, Co Londonderry, BT47 3DY, Tel: 02871810471, www.nicholloils.com

and uses the appropriate Government emission conversion factors for greenhouse gas company reporting¹.

Scope 1 and Scope 2 emissions have been reported in accordance with SECR requirements, and the required subset of Scope 3 emissions have been reported in accordance with the published reporting standard for Carbon Reduction Plans and the Corporate Value Chain (Scope 3) Standard³.

This Carbon Reduction Plan has been reviewed and signed off by the board of directors (or equivalent management body).
