NICHOLL OILS

NICHOLL OILS

WHOLESALE SUPPLY TO RESELLERS (ROI)

Nicholl Oils Ireland Ltd is Ireland's premier independent fuel wholesaler, enjoying a first class reputation among our customers as their first choice business partner.

Over the last 50 years, we've grown to become Ireland's largest independent oil distributor by providing the best prices by way of a reliable, dependable service. Today, more customers than ever trust us to deliver on quality and price. To this end, we have invested substantial resources in both people and infrastructure.

We can supply all grades of products to oil distributors, resellers, marine, forecourts, industrial and haulage customers. The product can be delivered to your storage location or you can collect the product ex rack from our sea feed storage facilities in Dublin and Foynes.

We're still family owned and run, and we still listen to and value our customers.
